

DARIO MARZZUCCO

ABOUT ME

I am a web developer and programmer with strong graphic design skills. I stand out for my analytical skills, problem solving, creativity and adaptability. I am a dedicated worker, capable of managing time efficiently and working as a team to achieve common goals. I am committed to continuous learning to open myself more to the world of programming and in turn to further polish my skills.

SKILLS:

- Analysis and Problem Solving
- Creativity
- Dedication to Work
